

COMMUNITY SOLAR PROGRAM

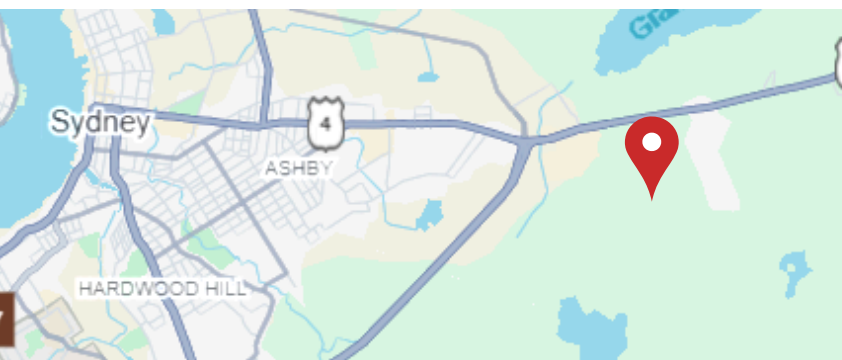

Nova Scotia is working toward 80% renewable energy by 2030 and becoming net-zero by 2035. The Community Solar Program, as part of the Clean Power Plan roadmap, was announced on March 1, 2024 by the Department of Natural Resources and Renewables.

Nova Scotia's Community Solar Program procurement will add up to 100 megawatts (MW) of solar generation to the grid, helping to reduce our dependence on fossil fuels and mitigate climate change.

Project Details

Sydney Solar has been awarded a contract under the Community Solar Program. It is expected to power approximately 200 to 250 homes. Please see attached for up to date site plan.

- System size: 1.7 MW AC
- Location: Grand Lake Rd
- GPS: 46.1435, -60.1259

Example of a Community Solar Project

PROJECT OWNERS

AI Renewables is a Flow-Through Limited Partnership, investing in Clean Infrastructure and Renewable energy projects that help to reduce energy costs and GHG Emissions in Canada. (www.airenewable.ca) They have partnered with **The Multicultural Association of Cape Breton**, a grass-roots, volunteer-led nonprofit organization dedicated to supporting ethnocultural community development in Unama'ki Cape Breton. (www.macapebreton.ca)

Community Benefits

- **Reduce electricity costs.** Subscribers get a \$0.02/kWh credit on their electricity bill for the solar electricity subscribed
 - No cost
 - No commitment
- Use solar energy without a need to install solar panels
- Generating clean energy means lower pollution levels and a healthier environment
- Localize job opportunities and economic growth

Information Session

Please join us for a information session at **Flavour 19** where you can learn more about the Sydney Solar Project, hosted by the Project Developer.

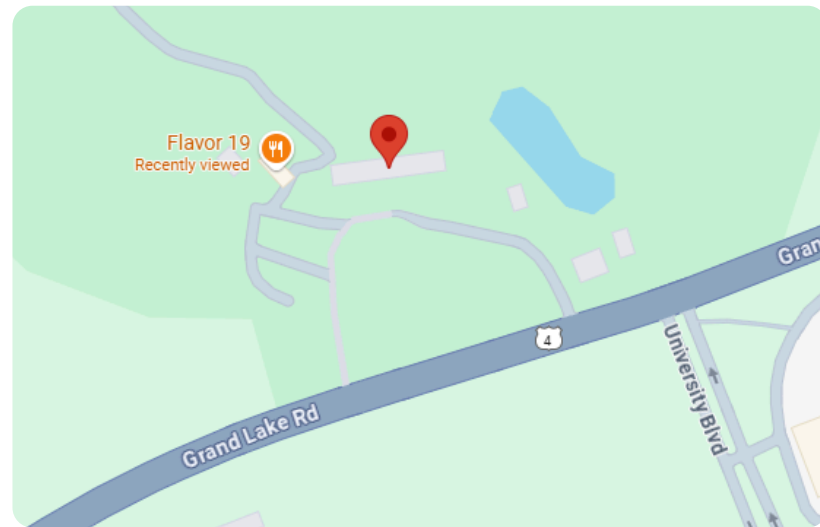

How to Attend

- Indicate your interest by completing our form by scanning the QR code
- Leave your contact information
- Choose one of the date options to reserve your spot

Due to complimentary food and drinks, only 1 ticket per person

RSVP by Tuesday, August 19th!

When & Where?

Flavor 19

1225 Grand Lake Rd,
Grand Lake Road, NS B1M 1A2

You are invited to attend one of the following sessions:

- Thursday, August 21, 2025 - 6:00 pm Dinner
- Friday, August 22, 2025 - 12:00 pm Lunch
- Friday, August 22, 2025 - 6:00 pm Dinner

INTERESTED?

Please scan the QR code to RSVP or email mila.simon@solarbankcorp.com

Join solar experts to learn about Community Solar, Sydney Project development, and how you can use solar electricity & reduce your NSP bill

We can't wait to meet you!
